Radios are better than ever. Take an expert's word for it.

Pete Elliott, general sales manager for Macdonald Radio Co. and in Edmonton last night, said that the 1951 radio would be a treat for the customer, even though prices are around the same here as last year.

Mr. Elliott arrived here in company with other Canadian Marconi near-the-top officials to demonstrate the firm's 1951 specials for 150 dealers from across the country and district at a convention in the Mac Donald Hotel last night.

He said radio was better than ever last year. New developments in tubes, new tone circuits to give better tone, greater selectivity and increased sensitivity.

New cabinet designs complete with everything from shelves for ornaments to special magnetic steel speakers.

New use of plastics ("No paint-like color goes right through") to give more and prettier colors in many models.

He thought it would be "quite a while" before television had any effect at all on radio in Canada, even though it was a real treat for TV as soon as the department of transport decides about licensing television broadcasting.

Reawakening Topic of Plea

Plea for a spiritual re-awakening was issued last night by a world traveller.

Stressing that the soul is far greater than the physical aspects of the human being, His Eminence Maulana Shah Mohammed Abdul Aileen Fidaiyya Al-Qudsified of Pakistan told 100 Edmontonians at a meeting last night that there is a university where man can receive proper instruction to learn of his proper

"knowledge of one's inner self," he claimed. "It is only attained from direct perception, revelation and inspiration by the soul."

He informed those who had travelled around the world for the past two years giving lectures, said, "Everything today is materialism."

More time should be devoted to the forgotten path of knowledge—the knowledge of one's inner self, of God and of the secret of life and death.

Police Chief Has Warning For Motorists

Warning to motorists to drive slower on muddy streets was issued today by Chief Constable Reg Jennings.

"Complaints are already starting to come in from pedestrians spatened with mud by carelessly driven cars," he said. "And several traffic accidents have involved motorists driving faster than street conditions warrant."

"A word of courtesy and restraint would cut down on both of these offenses."

Father Of Minister Ill

Bridge Conversion Gets Council OK

Four-Lane Upper Deck Slated for High Level

City council last night decided to go ahead with conversion of the High Level bridge to four-lane upper-deck traffic.

It overrode objections of the provincial government and a strong bid by Ald. Dick Hanna to hoist the whole matter another week.

The proposed council might abandon Monday night's decision to build a new southwest approach to the 105 street bridge, and in its place "get a real art job."

He said the provincial government's offer of \$1,000,000 might be better advantage by calculating the 105 street bridge (as was done with the Low Level last year) and also building a new low level bridge to the southwest, which would be more thorough examination. He suggested the whole problem be left over to give commissioners and engineers time to re-examine it.

NOT THE HIGHER

Mayor Parsons pointed out that neither a duplicate 105 street bridge, nor a west end bridge about 123 street, would answer the needs of the city.

Commissioner D. B. Menzies said the province objects to conversion because the approaches are poor, and suggested instead a new bridge running along the riverbank on 104 street north across and down to 104 street.

"We should go ahead and make the best of what we have—we're wasting our time debating further," said Ald. Armour Ford.

"We have a professional view from Dr. F. L. Pratley, and he said to go ahead with the High Level."

Chorus Of Ukrainians Regathers Here

One of Europe's most famous choirs will be assembled and will rehearse in Edmonton early this month.

Former members of the Vatra Ukrainian male chorus will begin arriving in the city next week to prepare for a winter tour of the United States and Canada.

The tour will take them to the South and South America.

Faith In Our Own Future

Edmonton city council last night demonstrated its faith in grass-roots democracy, by the dean of council himself.

Taxpayers were given the task of deciding whether to accept the proposed Miracle Mile development.

After 10 months of befuddled confusion; after majority approval by council, while that body was uncertain as far as implementation of the agreement was concerned, and after a comprehensive 12-day public hearing which should have dispelled all doubt, the so-called Detwiler Project's future is now back with the final court of appeal—the people.

The most unfortunate aspect of the situation today is that aldermen did not order the plebiscite held on a date separate from that on which money bylaw votes are to be held.

But there is still time for this deficiency to be rectified, in order that the enemies of the scheme may not confuse the issue by labeling it a money bylaw.

No financial outlay by the city is involved.

During last night's contentious debate preceding the vote which brought a 7 to 4 split, there was regrettable that some aldermen failed to comprehend state of affairs that there was no question of approving or disapproving the proposed agreement—that the only question to be decided was whether those who had signed the agreement to vote on it should have that chance.

It was significant that the keynote of this progressive proposal should be sound:

Sight-Our Least Prized Possession?

Have you ever considered the possibility that some day you might not be able to read your newspaper because your sight had failed?

It is frightening to think you might suddenly be cut off from your job, your work in the garden, movies, hunting or fishing trips because of the punishment you have come to accept as necessary parts of happy living?

Those of us who have our eyesight are inclined to take it pretty much for granted. We don't give too much thought to those who, for one reason or another, have been deprived of their visual sense.

People who associate with the blind know that, generally speaking, they are a happy group.

They work at suitable jobs, they support their families, and they carry on fairly normally.

This state of affairs is no accident.

Most of what they enjoy today is because an excellent service organization,

The Ministry of the Holy Angels

Yesterday, September 29, the day of St. Michael and All Angels, was an occasion to remember and to thank God for the ministry of the hosts of heaven.

St. Michael, the Archangel, is believed to be the chief of all the Angels. There were once four Archangels, Michael, Raphael, Gabriel and Lucifer. But Lucifer, "Prince of Light," "Son of the Morning," rebelled against God and was expelled from heaven.

The story is told in the 12th chapter of the Revelations of St. John:

"Michael and his angels fought before the dragon; and the dragon fought Michael and his angels.

But there are other angels who are human souls. And it is Christian teaching that those who depict this life in Christian faith and are eventually admitted to heaven themselves become angels.

Matthew's Gospel records Christ's own words when He was speaking of children:

"For I say unto you that in heaven their angels do always behold the face of My Father which is in heaven."

Michael is Christian teaching that the angels of God, including those of the departed who have achieved perfection in heaven, minister to and protect those who still live on earth.

They are the instruments of God's will.

And as the poem by Jessie Bayes puts it:

Strength and beauty are thine, O Michael,

Leader of the hosts of God,

Knight of God's high chivalry.

O Light that worrest with darkness,

Since time and the worlds began,

Successor the prisoned Angels,

Fast bound in the hearts of men.

SON INFORMS

How Collective Farms Get

Recruits Behind Iron Curtain

How the hated "collective farms" in Hungary get their recruits from the people, the story of one of these recruits, whose name, of course, cannot be mentioned.

This period was one night while the police of Baranya province in southern Hungary and told to be ready to move off in his own family. When he was to go, he had to sign a list of dependents on which his name stood with the description "Kulak"—landed farmer.

When he pointed out that this could not be accurate, as he owned no land at all—his father had been a small holder—that his son and wife had to live on the land, they were severely exploited under feudalism in Hungary which ended only when the Communists came to power.

After a couple of years of hoping that their "land-hunger" would be suspended, such peasants as he were forced to leave the country.

When he was again able to get about, he was discussing with his wife a radio detector which he had given her to help the police when their thirteen year old son said: "There is no use in America." He denounced you to American U.S. agents, who then sent him to the voice of the West. Is an enemy of Stalin. And every time you listen I shall be thinking of you."

Another grim side of the Communist regime in Hungary is illustrated in this story now being told by the Hungarian press.

Five weeks ago a Hungarian who had been in the habit of listening to the BBC European Service, was arrested by the Hungarian secret police at Andrássy Ut 60 in Budapest and severely maimed for his offence. He was warned that if he ever again lis-

ted not by one of the younger aldermen, but by the dean of council himself.

"Nobody knows for sure what the estimated financial returns may be, but we hope it will be profitable to the corporation; for if it is to them, it will be profitable to us," said Ald. Bisset.

A lot of too few Edmonton residents who, like strangers to the city, can see the future of this burgeoning city.

The Miracle Mile gives this city a chance to capitalize on that future.

Of course we can't be absolutely certain how many dollars and how many cents the project will return each year.

Of course we can't be absolutely certain how much new business will be attracted here when the whole project stands out boldly on the city's skyline—a beacon to the world.

But there is still time for this deficiency to be rectified, in order that the enemies of the scheme may not confuse the issue by labeling it a money bylaw.

No financial outlay by the city is involved.

the Canadian National Institute for the Blind has been functioning in their interests for the past 32 years.

The Northern Alberta Service Centre and Residence on Jasper Avenue west is the home of the Canadian National Institute for the Blind. Here blind people live in comfortable surroundings particularly designed for their special needs. The building hums with the satisfying business of helping sightless persons overcome the obstacle which blindness has placed in their path.

During October the CNIB is conducting a campaign for \$20,000 in rural Northern Alberta. In Edmonton, the organization is a member of the Community Chest, and city residents can help by giving generously to that body's appeal which starts Monday.

Funds are needed to meet increasing demands for services and facilities. Objectives must be achieved to maintain the present level of essential services and to carry on the existing prevention of blindness program.

The work at suitable jobs, they support their families, and they carry on fairly normally.

The Thrill That Comes Once in a Lifetime

There is nothing that will so completely change one's appearance as a false-beard, side-whiskers or mustaches. A boy can be instantly transformed into a middle-aged man, even his parents would fail to recognize.

Labor Body Ends Historic Meeting

Mosher Re-Elected As Congress
Boosts Reds From Membership

WINNIPEG, Sept. 30.—(CP)—Delegates to the Canadian Congress of Labor convention have concluded an historical discussion that set new milestones in Canada's union history.

Major moves of the five-day assembly of spokesmen for 360,000 workers were blows at Communism in Canadian labor and a step in the direction of uniting all Canadian labor in a single body.

By the time it closed yesterday, the Congress had delivered some of the most startling verdicts ever aimed at Canadian Communism. It had apportioned to clean the remaining Red remnants from its ranks.

First it expelled the strong, Red-dominated International Workers' Union, and then it gave it the executive council power to boot out any union considered under Communism. It also apportioned to the end, during the next year, for three more bodies with some 10,000 members in the congress.

In another direction, the Congress called for a national labor code that would cover all workers, increased old age pensions and higher income tax exemptions.

It asked for pensions of \$60 a month starting at 65 years without a means test. The present pension now is \$30 a month at 60 to those who show need.

Income tax, the example sought, would be paid for each person and for each member of a family with \$500 for each dependent child. The CCL also demanded that union dues be exempted, along with dues paid to the Canadian Congress and from their jobs.

Congress officers express the hope that this is the first step toward a national labor structure that might bring the Canadian labor movement into a single body of more than 1,000,000 members.

The 700 delegates at yesterday's closing session voted themselves largely to the passage of resolutions calling for improved conditions for Canadian workers.

REDS TAIL
However, the convention administered a parting kick to its left-wing minority. The left-wingers took a

knock as 20 lb. revenue.

Diocese Founding Marked By Meet

Sales Pavilion Site of Big Anglican Service of Witness

Three-quarters of a century have passed since the first Anglican missionary came into the territory which is now the Church of England in Canada's diocese of Edmonton, and established here the first mission, now the cathedral parish of All Saints.

It is this, the most notable anniversary yet to be observed by the Diocese of Edmonton, which is being marked this week with an immune Service of Witness in the Sales Pavilion at the Edmonton exhibition grounds at 8:30 a.m. Sunday.

The Rev. Edward Barfoot, Right Reverend W. F. Barfoot, will be to the very Rev. George R. pride, and the special preacher Canon Victoria Dean of British Columbia.

Service will be conducted by four diocesan dignitaries — Venables S. F. Tackberry and C. F. A. Glazebrook, Canon of St. Stephen's, W. M. Rainby, rector of St. Stephen's, Edmonton, and W. M. Rainby, rector of All Saints.

200 SINGERS

An altar has been erected and prepared for sealing of over 200 singers of the missed church drawn from every Anglican parish in Edmonton and from several others in other parts of the diocese.

Vernon Barfoot, choirmaster and organist of All Saints Cathedral, will be joined on stage with Herbert Wild, choirmaster and organist of Holy Trinity, Edmonton, at the organ.

Service is to take the form of a service of witness, Canon Victoria Dean and the "Alleluia" chorus from Handel's "Messiah."

A portion of the service will be broadcast on CFRN at 7 p.m. Sunday.

TRADING POST

On Sept. 28, 1852, the Rev. William Newton set foot in the trading post of Fort Edmonton.

There were no church building or organization of any kind and until William Newton's arrival, not even a missionary.

It was a desolate frontier outposted them, but within the diocese

Clarence Gerhart's unofficial pledge came at the end of a five-day meeting of the city's defense committee on how to cope with an attack of three theoretical atomic bombs.

The plan was drawn up by committees assigned to cover every committee.

Argentine Controls Cattle Industry

Buenos Aires, Sept. 30.—(AP)—Argentine Congress yesterday approved a law placing the country's cattle industry under government control.

Opposition in congress charged the measure would give the government the right to give the government more power in the meatpacking industry, largely operated by United States and British interests. However, there was no immediate indication the government intends to take such a step.

Time Out

By DICK BEDDOES

Meet Al Bodine
Youngstown, Ohio—A community of 167,720 souls—has produced several fighters with whom you may be familiar, including world-champs Tony Janniro and Al Sagato.

It also is the old hometown of Al Bodine, a hometown hero. He is a cool enough football player to merit a couple lines of newspaper copy.

Bodine played first-string football for the University of Georgia for the past three seasons, was recognized as one of the great defensive backs in U.S. college football.

During his tenure at Ga., the 200-pounder cut a few chaps down to size in the Sugar Bowl (47), the "Gator Bowl" (48) and the Orange Bowl (50).

This fall, the 23-year-old Bodine is making life anything but a bowl of cherries with Western Conference opponents as he has done since 200-pounder backs as Del (Little Iodine) Warden, Sammy Pierce, Ken Charlton and Jack Hartman. Indeed, when Bodine came to last fall's Sugar Bowl two weeks ago, Bodine has since recovered and will be starting at right half tonight . . .

Down Memory Lane . . .

Some 19 and 20 years ago, when the current crop of gridiron greats was still in swaddling clothes, Edmonton Eskimos had the greatest football records by such as Phil Horn, Jim Hart, Richard Ercol Dugan, Harry (Nels) Nelson, Paul Powers, H. (Bud) Williamson, Joe Coss, Lester Cossman, Archie Ritchie and Elvyn Jones . . .

Those were the days . . . you were lucky to get paid the wages you earned on game-days, and the forward pass was a new-fangled fad.

Edmonton played in a three-team league which embraced Calgary and Vancouver. The Eskimos . . . the Eskimos and London finished first, never worse than third . . .

Clarence Campbell, who was later to become president of the Canadian Football League, was the secretary-treasurer of Eskimos. However, anyone else—ever dreamed Edmonton would one day spend more than \$113,000 on a football team?

Bill Lewis, who has been around the Bulletin as sports editor and news editor for several seasons, had a spot on the Eskimos' front line. The renowned Deacon White coach had the club one year in the early thirties, and had taken an Edmonton club to the Grey Cup 10 years earlier than the Grey Cup were the days . . .

Three Stooges . . .

Winnipeg beat the Eskimos three weeks ago here, beat them soundly. And a spot on the Eskimos' front line. The renowned Deacon White coach, spending several Eskimos games and turning, those intercessions into an offensive of their own.

"I think it's pretty serious when an amateur 'A' hockey club is refused admittance to a league," Dr. Hardy said.

UNOFFICIAL INTERVENTION

At the same time he stressed that any intervention on his part would be along unofficial lines.

The University of Alberta's representative left the city Aug. 18. He attended a number of hockey meetings, both of the IHF and the body governing the game in Canada.

"I think it will be 'in' for the 1950-51 season," Dr. Hardy said.

He visited the continent in January prior to winning the championship at the world amateur tournament held in London. He had an open air ride.

"Hockey is having a pretty difficult time in England," Dr. Hardy said. "The people have gone overboard. They have the largest clubs in England at Harringay and Wembley, will be without hockey for two months, possibly more."

VISITS CAMPBELL

Dr. Hardy said it was not definite that Lehighbie Maple Leafs would cross the Atlantic to represent Canada in the 1950 amateur tournament, as announced.

"Question of guarantees for playing games while on tour may prove to be the problem," he said. "Let's see, Lehighbie will be Bob Shires, Len Walters and Bill Logan of Vancouver, Gerald Dahms from Ponoka and Buddy MacDonald and Gordon Riddell of this city . . .

FAN FARE

"JUST NOW IN THE LEAGUE?"
"SIR, HOW HEROIC IS WHAT'S NEW IN CANADA?"

"IT'S AMAZING TO ME HOW HUNGRY I AM TO FAMILIZE MYSELF WITH NEW PEOPLE!"

"I'M GOING TO BE A HUNGRY OLD FELLOW!"

"I'M GOING TO BE A HUNGRY OLD FELLOW!"

"I'M GOING TO BE A HUNGRY OLD FELLOW!"

BLOODY and bowed, ex-heavyweight champion Joe Louis walks toward his corner after suffering decisive defeat in comeback attempt. Louis' opponent, Ezzard Charles of Cincinnati, extended his NBA recognition as heavyweight champ by winning unanimous decision.

WEATHERMAN MAY WASH OUT BROOKLYN

NEW YORK, Sept. 30.—(UPI)—The weatherman may wash out the Brooklyn Junior Hockey League's opening day.

He predicts rain today and tomorrow.

If both games are washed out, the Phillips automatically win the flag. Even if the Dodgers win today and tomorrow's game is rained out, Phillips is "in."

Baltimore Red Hot Over Its Orioles

BALTIMORE, Sept. 30—(AP)—Baltimore is a red-hot baseball city today, opening of the Little World Series with Columbus.

It's going to be 184 all over again, says jubilant fan.

That year was a memorable one for Baltimore, one baseball history.

The ball park burned down June 4. Orioles won the Little World Series from Louisville and set a major league attendance record that will be broken.

The fourth game in the 1944 series drew 32,823 paid fans at Municipal Stadium where the Orioles moved in after having played their home games at Oriole Park.

They did it with power hitting, 400 during the regular season and 400 in the post-season, still standing.

The past season attendances topped 300,000 and park attendance here has been about 100,000 a game.

Baltimoreans are agog over their team which finished only third in regular season play but then knocked off Montreal and pennant-winner Rochester in the playoffs.

They did it with power hitting, 400 during the regular season and 400 in the post-season, still standing.

"It's 1944 all over again," commented Frank Shaughnessy, International League president. "This is real a Cinderella team and this one is getting to be just like it."

Having thus spoken, the Brain pointed out the following selection:

Lemon Squeezes Yankees Into Pennant Triumph

NEW YORK, Sept. 30.—(CP)—New York Yankees clinched the American league pennant yesterday by the back-door route as Detroit Tigers were defeated by Cleveland Indians.

In the National League, Brooklyn Dodgers kept alive their slim hopes by winning a doubleheader against Boston. The twin victories gave them a chance to tie with the last-place-leading Philadelphia Phillies. White Yanks were idle, Bobo

Lemon of Indians pitched Cleveland to a 12-3 triumph over Tigers in the Motor City. The overhanging threat ended Detroit's chances of clinching New York for the pennant. Yankees finished the season with two games today and tomorrow against Boston.

Dodgers Hanging Tough

Detroit has to win more games with Cleveland but yesterday's result left them three games behind New York. Season ends tomorrow.

Lebanon American league's leading pitcher, halved Tigers with his 16th victory, and the year's year Indians backed him with a devastating onslaught on four Detroit pitchers. They scored 16 runs, six different times, with Jim Hearn and Dale Mitchell each contributing a home run.

Now the Tigers have to fight off a last-minute rally by Boston Red Sox to hold on to the runner-up spot. They lead the Sox by one game.

The fighting Dodgers, rallied courageously in both games from Brooklyn to turn back Braves 7-5 and 7-6. They now are two games

Washington Senators rapped four home runs but were overtaken 5-4 by Boston Red Sox on Boston. Big Walk Drop triumphed in Vern Stephens' second-dealing tally with one out in the ninth.

Maple Leafs Ready For Sunday Battle

Maple Leafs, with coach Nate Shore in command, held a chalk talk last night as a wind-up before their Alberta Junior Football League semi-final game with Calgary Mustangs at Clarke Stadium Sunday afternoon.

Series will be home and home, totals point to count with the winner meeting Calgary's bunting Brooks for the provincial title. Second game will be played in Cowtown's Mewata Stadium next Sunday.

MINALLY ABSENT

Maple Leafs will be without the services of the swashbuckling halfback, Bill McNally. McNally left for Seattle where he's slated for a career with the Ironmen of the Pacific Coast League.

However, halfback Bob Stocks will dress for the contest, to balance the bad news. Stocks missed several games in the last month, the loss schedule as a result of recurrence of an old ankle injury.

POLICEMAN POSSES BACK

Joe Posse, the policeman who periods opposing laceman as well as his son, will be on hand to return to Reds' lineup. Posse will add considerable strength to Shore's rock-ribbed line.

Carroll Elliott and John Amorosuk, who handles the fullback portfolio, will be back in action after sitting out one "off" game.

Shore's most dangerous 200 against Muskies was 1949 and winning their final game with Leafs 4-0.

Official will blow the first whistle at 2:30 o'clock.

Baltimoreans are agog over their team which finished only third in regular season play but then knocked off Montreal and pennant-winner Rochester in the playoffs.

They did it with power hitting, 400 during the regular season and 400 in the post-season, still standing.

"It's 1944 all over again," commented Frank Shaughnessy, International League president. "This is real a Cinderella team and this one is getting to be just like it."

Having thus spoken, the Brain pointed out the following selection:

Snead Again Heads Play-For-Pay Pack

CHICAGO, Sept. 30—(AP)—For the second straight year, William "Sam" Snead of White Sulphur Springs, West Va., has topped professional golf's money-winning list.

The PGA today credited Snead with \$33,758 earnings. Even if runner-up Jim Ferrier who is 38 years old or bridgeplace Lloyd Mangrum with \$22,467, should sweep the three remaining tournaments on the PGA calendar, they couldn't overtake Sam.

Snead last year headed the play-for-pay pack with \$31,593.

Henry Hanford ranks fourth in the race with \$19,885. Cary Middlecamp climbed to fifth during the last two weeks with \$17,865 and Jack Burke, Jr., moved into sixth with \$17,500. Sam Sawyer, who was seventh, now stands at \$16,368.

Other leaders include Skip Anderson with \$16,500, E. J. Daugherty with \$16,356, Fred Haas, Jr., \$11,188; and John Palmer, \$11,038.

Snead continued to lead in Ryder Cup competition with 5745 strokes, while Tom Watson, 5740, and Vardon, 5734, were in close competition with a sparkling \$6,24 average for 92 eighteen-hole rounds.

Newest Shopping Centre Is Open

Completion this week of a \$40,000 addition to the Pearson block, at 99 street and 86 avenue, makes this building one of the most modern shopping centres on Edmonton's South Side.

Constructed under personal supervision of its owner, R. W. Pearson, the addition contains four business concerns. Melton's Real Estate, Harvey's Hardware, Hazel's Beauty and Gift Shoppe, and Peterson's Drycleaners and Drapery Service Shop. The latter is located in apartment two, on the second floor. Three other well-dimensioned apartments are on the lower floor, with an upstairs entrance on 99 street.

OTHER STORES

The older section of the block entirely renovated last year is occupied by three other businesses: Griswold's Drug Store, Harry Tait Grocereria, and Cable Bros. Radio Shop.

New addition, which measures

54 feet by 48 feet, gives the block a total length of 114 feet. Outside finish is in grey stucco with black wainscoting. Glazeway, for glass, has continuing green finish and limestone steps.

Inside finish of the new addition is in white plaster. Floors are in first grade oak. A modern laundry room, with a washing machine, is other convenience.

Both Harvey's Hardware, operated by Harvey J. Penday, formerly with Harry Tait, Grocereria, and Cable Bros. Radio Shop, have opened for business since early September. Hazel's Beauty and Gift Shoppe, owned by Hazel Kaza, has been open since Tuesday, Oct. 3. The shop is being moved from its former site, 8409-99 street.

On Monday, Oct. 2 ladies will be granted at a preview of the shop, from 10 a.m. to 5 p.m.

Formerly with Melton's Beauty Parlor, Miss Kaza has over 10 years' experience in attending to disease.

Owner of the building for two years, Mr. Pearson estimates total value of the block at \$75,000.

A native of Wetaskiwin, Mr. Pearson started his business career in the Canadian Electrical radio service department in 1909. He built the Highlands Garage in 1932 and operated it until 1949 before selling out to buy the south site and other vehicles.

Packing space is well taken care of, and there is a garage roof raised at the back for cars, trucks and other vehicles.

Owner of the building for two years, Mr. Pearson estimates total value of the block at \$75,000.

Old-time blast furnaces were country named Greece, five names often named after the wives of Fanny, and four each called Emma, children of the iron makers. These furnaces were once fine furnaces in this Elizabeth, Rebecca and Lucy.

Weekend Warbles

Material Mumblings: Do you suppose the stork's been forced down by this weather?

★ ★ ★
Liquor prices are up. Now what are we going to do about the cost of high living?

And speaking of rum, did you hear about the prominent Edmonton schoolteacher who saw snakes in the other night?

Here's the yarn, from an impeneable source:

The schoolteacher parked his car near the tourist bureau office. He saw a peculiar looking snake on the pavement. It seemed about a trifle sluggish.

It looked just like pictures of the deadly Australian bushmaster he had seen in books. So he gave the alarm to the tourist bureau.

Chap in the tourist office took one look and decided it was a cobra with the hood down.

Along came a cop. He took two looks and then fearlessly investigated with his shoe.

It was a rubber snake that some prankster had planted to obtain the result he obtained.

The cop wrote something in his notebook, tore out the leaf and handed it to the schoolteacher and the tourist bureau official.

It was the telephone number of Alcoholics Anonymous.

When Elegant Elsie read about the increase in liquor prices, she said: "Now I know what a drunk means when he says he's high."

Mrs. Richardson of 9716-95 street thinks there must be quite a scarcity of game birds in this part. Here's why Mrs. Richardson thinks birds should be scarce:

Her son Ernest was driving home for lunch day before yesterday with a companion. When the car was on the 105 street bridge, a .22 bullet smashed through the windshield.

The slug didn't hit anybody but it wasn't the fault of the shooter.

The cours ought to slug people who shoot guns in the city with some good stiff fines or maybe a stretch in jail.

Hurry up and get well item: To Lawyer Stan Rose in the Royal Alexandra Hospital. Sorry to hear about your illness, Stan.

Edmonton's going to miss Wallace Mason, the tall, and I mean tall, member of the supreme court. Wallace is retiring after 29 years of his distinguished service to the law. He is going to head out Pacific coast way where he can forget all about statements of claim and criminal court dockets. Good luck Wallace.

A fine goodnight to all and I wish I could say the same for the weather.

32 Cases Scheduled For Supreme Court Trial

One of Yvonne Langlois, facing 384 charges of uttering forged documents and one of seven, will top a list of 32 cases to be tried at fall sittings of Supreme Court of Alberta's criminal division which open at the court house here Monday.

Mr. Justice Egbert Calgary, will be on the bench for the first trial.

Number of charges against Langlois is believed to constitute a record in the history of Alberta's law courts.

The former L.A. police school division secretary-teacher was arrested last Friday after discovery of alleged irregularities in school division books involving a sum estimated at \$20,000.

Police say the irregularities occurred over a period of four years.

ARMOR CHARGE The single armor charge was laid following a search of the division office, Feb. 25 of this year.

The former secretary-teacher has been free on bail since she was arraigned in Supreme Court, June 6, and was remanded to the L.I. asst. crown's office.

So facing Supreme court trial is Peter Kansky, charged with knife wounds to his wife, Edna, in Jasper, 969-7th avenue, in a hotel room alteration, Aug. 10.

There are two trials on charges of rape on the books, one of which is rape of a minor if procurement in a number of years here-and-one of it.

Two trials are also facing prosecution under the Narcotic Act.

Besides Miss Langlois and Kansky, the accused facing trial and charged against them include John Forbes, no given address, notorious Little Brenda, no given address, and police dog, "Duke."

Michael Mitchell, thief; Louis Babish, rape; Douglas Giesbach, rape; Mike Berens, robbery; Ian Campbell and Donald McLeod, robbery.

Marie Stevenson, former Mount Pleasant postal employee; and

Two Burns' Employees Honored On Retirement

Frank G. Brown and Percy H. Evans were honored at a testimonial dinner given by Burns and Co. in the Madonna Hotel last night, on the eve of their retirement from the company.

Mr. Brown and Mr. Evans are the joined employees to be retired from Burns and Co. since the company was first organized in 1930. They are both 65 years of age.

R. J. Dinning, Calgary, president of the company, was chairman of the dinner. He congratulated the two men and presented them with gifts offered by various departments of the firm.

Mr. Brown, who resides at 6410-39th Street, has been with the company for 35 years. He retires as office manager of the Edmonton plant, a post he had since 1922.

He joined the firm as an office clerk in 1910 and later worked at Burns' butcher shop in Wetaskiwin before transferring to the Edmonton office in 1912.

36 YEARS SERVICE
With the firm for 38 years, Mr. Evans worked at branches in Sas- katoon and Prince Albert one year before entering the present Edmonton packing plant shortly after its opening in 1913. He resides at 13121 Fort Road.

Bay Employees Win Long Service Honors

Two employees of the Hudson's Bay Company here with long-term service records recently

honored at a luncheon.

They are Clinton Bowen, who

has served 40 years, and Robert S.

Aikens, who has served a company

for 25 years.

Mr. Bowen, who introduced the

awards, said: "I am very

pleased to be here to honor these

two men for their long service.

'PEN' LIFE HELD EASIER

ABERDEEN, O. Sept. 30—(AP)—Police yesterday reported they were holding two men in connection with a holdup who said they planned to gather admittance to a federal penitentiary by putting in a mail box.

They quoted one of them as saying "living conditions were good and the work not so hard" in a federal institution.

Asia Issues Closely Eyed By Dominion

OTTAWA, Sept. 30.—(CP)—At least four major issues are combining to keep Canada's officials' attention focused on Asia, probably as never before in peacetime.

1. The Korean War and its political, military and social ramifications.

2. Communist China's bid for recognition by Western powers and their drive for a seat in the United Nations.

3. American steps—welcomed here—to discuss the calling of a Japanese peace conference with other powers, including Canada.

4. The development of new properties in the Territories.

Mr. Bowen drove the first delivery truck here by the company he now heads, the Canadian Transportation Commission.

Mr. Bowen has been chairman of the Canadian delegation to the first book fair in 1923, titled "Book Week."

Woodward started a new school of

biography writing in which historical figures are painted as down-to-earth human beings, with de-

tails as to their backgrounds.
